The Committee was advised the 2012 Vancouver Island Regional Library Annual Report is available online at <http://virl.bc.ca>.

A question/answer session followed the presentation by the VIRL representatives.

Mayor Parnham asked about expectations for the 2014 budget and future plans for the Port Hardy Branch. Mr. Maas advised that there will be a decrease in comparison to 2013 and that the Port Hardy Branch is scheduled to be upgraded in the next two years.

Councillor Dorward asked about procedures for tendering and appointments to the VIRL Board. Mr. Maas advised that tendering is done locally and Ms. Bonnano indicated that each Board member is appointed by the board or council of each participating local government.

Council Dorward asked if there were contributions to the VIRL system by local First Nations? Mr. Maas advised that no contributions are received from local First Nations organizations.

Councillor Hemphill asked if a Treaty First Nation could become part of the VIRL? Mr. Maas responded that so far the only Treaty First Nation representation was via the Alberni-Clayquot Regional District on whose Board sits an appointed member of a Treaty First Nation.

Councillor Huddleston asked how people learn about the eBook program and other services offered by the library? Ms. Bonnano discussed the eBook program and advised that VIRL tries to reach out to the community through various avenues including online, brochures and its staff. It was pointed out that attending events like the Mount Waddington Fall Fair would help to advertise the library and its services.

There was general discussion about library services and VIRL's use social and interactive media.

August 2, 2013

Mayor Bev Parnham  
District of Port Hardy  
7360 Columbia St  
Port Hardy, BC V0N 2P0

Dear Mayor and Council,

I am writing to you today on behalf of the members of the BC Salmon Farmers Association. The BCSFA represents local salmon farm companies, as well as companies that provide supplies and services to farms across BC.

BC's farm-raised salmon is the province's largest agricultural sector and the largest private employer on the North Island. Port Hardy is a key location for our industry's success. It is home to active farm sites, primary and value-added processing facilities and direct suppliers for the industry. We in the industry are proud of the sustainable employment our sector can provide to ensure the future of coastal communities like Port Hardy.

Each year, as a way of recognizing the important work of our companies and their employees in the community and to raise awareness of the importance of the aquaculture industry, the BCSFA holds an Aquaculture Awareness Week in September, which also coincides with our Annual General Meeting.

This year, we are pleased to be holding our reception and AGM in Port Hardy September 25<sup>th</sup> and 26<sup>th</sup>.

To honour this year's event, we are requesting that Mayor and Council proclaim the week of Sept. 23, 2013 as Aquaculture Awareness Week in Port Hardy. Attached is proposed wording for the proclamation.

We are proud of the work we do to raise salmon in an efficient, environmentally-sensitive manner – and we're excited about the opportunities this offers in communities such as Port Hardy. We hope you will assist us in honouring that contribution this fall.

Thank-you for your consideration,

A handwritten signature in black ink, appearing to read "Mary Ellen Walling", is written over a faint circular stamp.
